Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative discussed the references used in the previous rejection. Examiner agreed that Gilhouse does not disclose at a subscriber transmitting information on an assigned channel. At col. 5, lines 21-22 relied on in the office action, the base station is transmitting information on the assigned paging channel. Examiner agreed that Corrigan in view of Rahnema does not appear to make obvious the claimed limitations because the method of stealing in Rahnema involves monitoring the channel at step 33 which would not be applicable to the cable modem system of Corrigan.
